DIVERSITY LEADER SEARCH – 2009

Diversity Leader Search, sponsored by the Arizona Lottery, is a timely and cost-effective solution for identifying diverse leaders in our community and providing them with crucial board training. This program connects the Asian, Hispanic and African American communities, ever-growing populations in our state, with Business on Board, a unique governance training program that is designed to help create, build and sustain strong effective boards for nonprofit organizations. Business on Board governance training will make significant changes in the lives of participants, the nonprofit sector and the Asian, Hispanic and African American Communities.

Grant scholarships will be awarded to the first 15 individuals from each of the communities (Asian, Hispanic and African American) who come forward with a sincere interest in community board service. Graduates of the program will be placed on nonprofit arts/cultural and health and human services boards. Those who are matched to the boards of nonprofit organizations will provide the leadership and perspectives that are desperately needed in our nonprofit community.
